### Laurens senior living & care

Laurens is an innovative and highly qualified healthcare organization in the Rotterdam area with a wide range of services for older persons.

It is our mission to support them with the care and assistance they need, respecting their cultural background and way of living. We explore our knowledge by research and development, in cooperation with universities, medical centres and colleagues in the care and cure sector.

### You are most welcome to meet us during the congress:

- Visit our information stand for exiting job opportunities
- Visit some of our top locations on 5 October, 09.00 - 12.00 hrs (details in our stand or visit our website [www.laurens.nl/nursing-congress](http://www.laurens.nl/nursing-congress))
- Participate in our symposium on 7 October, session L, 12.45 - 14.15 hrs where we share with you three of our experiences with innovative long term care
- Attend our stand, visit our symposium or get in touch with Laurens participants in this congress to explore the opportunities for knowledge sharing and cooperation

# HU HEALTHCARE: TOWARDS BETTER PATIENT HEALTH

## PROFESSIONAL PRACTICE, RESEARCH AND EDUCATIONAL INNOVATION

The aim of our Faculty of Healthcare is to find new forms of healthcare systems that meet society's continuously changing demands. We are pioneers in The Netherlands in developing new degree programmes, as well as offering a broad choice of post-qualification courses and applied research. Patients should receive the care they need from professionals trained in and aware of the latest developments in their professional field. And within the context of patient empowerment.

### Research Centre for Innovations in Healthcare

Our Research Centre focuses on innovative solutions for various problems in healthcare in the field of the care for older adults and family care, movement and health and care, as well as technology. The Centre links three research groups:

**Nursing and Allied  
Healthcare for people with  
chronic disorders**

**Life-style and Health**

**Demand-driven care**

[www.innovationsinhealthcare.research.hu.nl](http://www.innovationsinhealthcare.research.hu.nl)

### Education

Our programmes are skills-based and demand-driven. We are active in (co-)developing innovative programmes at Master and Bachelor level. Most of our bachelor programmes are unique in The Netherlands and are only taught at Hogeschool Utrecht. We educate people for a variety of healthcare professions:

#### Allied Healthcare Studies

- Applied Pharmaceutical Business Administration
- Skin Therapy
- Speech Therapy
- Dental Hygiene
- Optometry
- Orthoptics
- Postgraduate CPD programmes

#### Human Movements Studies

- Physiotherapy
- Cesar Kinetics Therapy
- Master Physiotherapy
- Postgraduate CPD programmes

#### Nursing Studies

- Nursing
- Management in Healthcare
- Master Physician Assistant
- Master Advanced Nursing Practice
- Master Care Trajectory Design
- Postgraduate CPD programmes

[www.international.hu.nl](http://www.international.hu.nl)

### International cooperation

HU Healthcare is developing a network of eminent European knowledge institutes which play a part in healthcare innovation. In order to achieve this, we collaborate with similar institutes in The Netherlands and abroad, as well as institutions and companies in the region.

Saxion University of Applied Sciences is one of the largest institutions of higher education in the Netherlands, with over 22,000 students (and still growing!). Saxion has built a strong position in Dutch higher education and has come to be recognised as an important centre of expertise at regional, national and international level. Saxion offers education in nursing at bachelor and master level.

## Bachelor programmes

Saxion offers the following bachelor programmes in the field of health care:

- Nursing
- Physiotherapy
- Podiatry
- Health Care Management (also available as Associate degree)
- Study route Health & Technology

## Master programmes

Saxion offers three part-time master courses; Health Care & Social Work, Advanced Nursing Practise and Musculoskeletal. In cooperation with the Foundation for Mental Health Care Nurse Specialist a master course for Nurse Specialist in Mental Health Care is offered.

## Research centre

Saxion Expertise Research Centre of Health, Social Work & Technology focuses on five research

lines. These form a connection between bachelor and master programmes, and between education, research and the practice of health care.

- Active Ageing & Palliative Care
- Technology in Health & Social Work
- Community Care & Youth
- Health and Movement
- Mental Health Care: recovery-oriented care and client-empowerment

## Saxion Knowledge Transfer

Saxion Knowledge Transfer bridges the gap between education and enterprises, institutions for Health care and other (non-) governmental organisations in our region. We organize trainings and refresher courses for paramedics and nurses such as general practitioner's assistance and operational management.

Step up to Saxion.

## Tuesday, October 5

**Laurens (09:00 - 12:00)**

Visit our Rotterdam partner Laurens, a major Rotterdam organisation with over 30 nursing homes, housing welfare services and care. Learn how Laurens offers elderly persons the care and support they need, and enables them to lead a healthier, more active life, with more fun. [www.laurens.nl](http://www.laurens.nl)

## Tuesday, October 5

**Florence Nightingale Institute (12:45 - 18:00)**

Experience 150 years of Dutch nursing in the interactive museum of our supporter The Florence Nightingale Institute. Your visit will focus on the question: what connects nurses worldwide? We will bring your and our stories together in an interactive workshop. Do not forget to pack your favorite picture in uniform and your own pin! [www.fni.nl](http://www.fni.nl)

or

**Palliative Care Laurens (13:00 - 15:00)**

Visit Cadenza, the unit for palliative care of Laurens. Limited to 10 persons.

## Wednesday, October 6

**Humanitas Foundation (09:00 - 12:30)**

Visit our Rotterdam partner Humanitas Foundation, who offer nursing homes and care facilities for the elderly as well as diverse social care. Humanitas is a large, innovative social care organisation and has as their core values: yes culture, autonomy: to run your own life, the extended family approach and to be active: use it or lose it. You will visit the location Humanitas-Bergweg, a remarkable building with 'apartments for life', multicultural day care en courts for alzheimer clients. You will also visit the reminiscence museum, the atrium and the large indoor pond with Japanese koi. At the end of your visit you will enjoy a multicultural lunch.

or

**University of Applied Sciences Utrecht (08:45 - 12:45)**

Visit our partner The University of Applied Sciences Utrecht School of Nursing. Our congress coincides with the School's International Days, so you're bound to meet teachers and lecturers from all over the world who want to learn more about the Schools programmes. [international.hu.nl](http://international.hu.nl)

## Wednesday, October

**Erasmus MC (13:30 - 17:00)**

Visit our Rotterdam partner Erasmus MC, an internationally recognized centre for excellent, dedicated patient care, highly rated transfer of knowledge and high-quality knowledge development in the fields of illness and health. It is essential to renew the University Medical Centre in order to guarantee continuation of the mission statement. This renewal includes the new hospital accommodation and the new Education centre, the expansion of the Sophia Children's hospital and the renewal of the Thorax centre. Discuss (the effects of) private patient rooms and make a walking tour through the buildings and along the construction site.

or

**Vilans (12:45 - 16:30)**

Visit our best practice about medication safety at Swinhove, a nursing hotel nearby Rotterdam. Learn about the quality collaboratives and Breakthrough Method we applied in this project. Vilans is an independent expertise centre for professionals and organisations active in long-term care. We develop practical knowledge to provide long-lasting improvements for clients in long-term care. This results in a better quality of life for the vulnerable elderly and for people with an impairment or chronic illness, and enables them to participate in the community to their full potential.

**You want to join?**

You want to join one of the visits to our partners and supporters? Please register at the congress desk. You will be taken by coach from the congress venue (Schouwburgplein). Max. participants per visit: 20.
